Hillsborough County Property Appraiser Earns IAAO Recertification for Excellence in Assessment Administration

TAMPA, FL. — The Hillsborough County Property Appraiser's Office has earned recertification through the International Association of Assessing Officers' Certificate of Excellence in Assessment Administration program. IAAO is recognized as the world's premier organization for property appraisal and assessment administration.

The Certificate of Excellence in Assessment Administration recognizes governmental jurisdictions that demonstrate the highest standards and best practices throughout their assessment operations. Earning recertification requires a rigorous and challenging evaluation of an office's policies, procedures and overall performance.

The program places a strong emphasis on teamwork, organizational accomplishments and maintaining a high level of satisfaction among employees, professional peers and the constituents an office serves. The certificate is intended for jurisdictions that have developed superior assessment practices across all aspects of their operations.

Earning this highest honor for the third consecutive time is a tremendous achievement and a testament to the professionalism, dedication and teamwork of our staff," Hillsborough County Property Appraiser Bob Henriquez said. "It affirms our continued commitment to the highest standards in assessment administration and to providing fair, accurate and transparent service. I could not be prouder of our team."

The recertification affirms the Hillsborough County Property Appraiser's continued commitment to sound assessment practices, operational excellence and exceptional public service.

About the HCPA

The Hillsborough County Property Appraiser is an elected official charged with the duty and responsibility to appraise all property in the County. This includes real estate and tangible personal property (the equipment, machinery, and fixtures) of businesses. For more information, visit hillspafl.gov.
